Pre-event for participants attending IntSaab 2026

# Welcome to the IntSaab Heritage Tour!

Celebrate Saab's automotive and aviation heritage in this pre-event ahead of the International Saab Clubs Meeting August 7–9 2026! Visit the Saab Car Museum in Trollhättan and Flygvapenmuseum (the Swedish Air Force Museum) and join fellow enthusiasts at IntSaab Heritage Tour along scenic routes through Sweden's stunning landscape.

IntSaab Heritage Tour is a pre-event for participants attending IntSaab 2026 in Stockholm August 7–9. This is a unique opportunity to experience Saab's heritage – both wheels and wings – before the main event in Stockholm.

Founded in 1937 in Trollhättan, Sweden, Saab began as an aircraft manufacturer, later moving its aviation operations to Linköping. In the late 1940s, the company expanded into automobile production, bringing the same engineering precision, safety focus, and aerodynamic expertise to its cars. Saab's legacy spans aviation and automotive history, celebrated for pioneering innovation, distinctive design, and Swedish engineering excellence.
